Odyssey Ragnarok Interactive

One page summary

Born in Latin America, built for the world. A global studio for players everywhere, with lower costs than the US or Europe.

Member of NVIDIA Inception Program

The game: Knots & Blades

Narrative decision thriller with exploration and mystery. **Knotie**: the game's own autonomous AI, adapting the story to the player's decisions (planned vision).

One time premium purchase, one paid installment per book of the saga, no ads. The Kleithros prologue is always free: a demo on Steam for PC and a free trial on mobile.

1. Free Kleithros prologue demo on Steam, with a presence at a Steam Next Fest
2. Wishlist campaign and investment search using that data
3. Full game, starting with Dark Labyrinths

Market opportunity

- **201.6 B USD** global games market in 2025 (Newzoo)[1]
